

NORTH WEBSTER-TIPPECANOE TOWNSHIP CHAMBER OF COMMERCE GENERAL MEETING JUNE 14, 2010 ADGENDA

Treasurers Report

OLD BUSINESS

2010-2011 Community Guide ~ Still available at the chamber office

Website Progress ~ Is pretty well finished, pictures need to be added, if you have upcoming events please submit to calendar for publication

Board Seat Vacancy~ Stacy from Pletcher's Insurance is considering the position.

NEW BUSINESS

65th Mermaid Festival ~ starts tomorrow (Tuesday June 15) Monday June 14th is the last day to buy the discount tickets for arm bands.

Fireworks will be July 3 this year~

Dixie Days ~ July 29 - 31 Volunteers are needs for the race and to help with Artist assignments and parking on Saturday July 31

Please plan your sidewalk sales for July 29-31. We are doing a lot of advertising and expect a very big turn out for this event.

Fliers will be available at the meeting today and official posters are being printed and will be distributed soon.

Currently we have 40+ art vendors

Spaces are still available for the Open Air Market (garage sales, farm produce, etc.)

** Donation are needed for the Artist "Thank you bags" If you have items to donate please drop them off at the Chamber office by July 21

(small items including coupons are very nice, they will bring the artists into your businesses)

** There will also be a Chamber Table for businesses to put literature and items on at the art fair

Dixie Boat Update~ "It's very difficult to set an exact date on when she will be ready. The rain has caused some delays, so it does us no good to tell everyone a certain day. It is likely that T-Square will be done sometime this coming week, but we don't want to put any pressure on them to hurry because we want it done right. They have done a wonderful job and are being very careful to do it with as much perfection as possible. They take pride in what they are doing.

After their crew is done, our crew of volunteers will have to start rebuilding the entire interior of the lower deck. There also is sand blasting and painting to do on the outside. They are ready, they are organized, and they are dedicated, but it will take time. Patience is the word! This has to last for many, many years to come! DSI has been posting updates on the Dixie's FACEBOOK and the Mail-Journal every week. DSI appreciates everyone's concern about when the Dixie will be cruising again and we promise that we will publicize it as soon as we know when! Hopefully by July 1st we will be ready to roll, but we can't promise anything yet! Thank you for your patience! We look forward to starting the Dixie's 81st summer on Webster Lake with many more to come!

Art & Earth Trail ~ Publications have been done and distributed through out a 9 county area. I am working on getting more for our area.
